RE: File # 2005-00055; 9 Rutledge Road, Bedford, NH; Tax Map 32 / Lot 16

Dear Mr. McClure:

On May 9, 2006 and June 16, 2006, the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") inspected property located at 9 Rutledge Road, Bedford ("the Property"). The purpose of these inspections was to respond to a complaint that alleged rutting and slash in a wetland stemming from logging activity and to monitor follow up restoration. The above impacts were violations of RSA 482-A and Administrative Rules Wt 100-800.

This Notice of Past Violation ("Notice") is being sent to you as DES understands that you were the logger responsible for performing the logging operation. This to inform you that the violations referenced above have been documented and will be maintained on file at DES. At DES's request, Mr. Velez removed the slash and vegetation has stabilized the ruts. No further action is required of you relative to these violations and DES will take no further enforcement action at this time. **This Notice is being sent to help you avoid similar violations in the future so as to protect wetlands and surface waters from unregulated despoliation before violations occur.**

In an effort to promote better understanding and compliance with wetlands laws and rules, DES provides an "inspector of the day" service available to the public to address technical questions related to wetlands regulation. This service is available Monday through Friday, 8:00am to 4:00 pm by calling (603) 271-2147. DES encourages you to make use of this service as well as our website (<http://www.des.nh.gov/wetlands.htm>) before undertaking future work on your property.

If you have any questions regarding this matter, please feel free to contact Eric Skoglund at (603) 271-4192 or eskoglund@des.state.nh.us.

Sincerely,

Collis Adams
